Children of Destiny
NICARAGUA
March 2008

This year has started off with a whirlwind! We have had so many things going on in January and February and it has been crazy! We finally got our new ministry name "Globe International Ministries Nicaragua" legalized, so that was a huge step. We've had lots of great teams come to visit and the children have all just started their new school year.

We currently have 36 children in our orphanages and will soon be getting even more. As we are growing and as we have a growing desire to provide a better future for these children, we have found it necessary to find sponsors for our children. So we are starting a new sponsorship program.

The total cost of sponsoring a child is \$200 per month, which covers the child's food and living expenses. Since the total cost is larger than most child sponsorships, we have the options of sponsoring a child in part or in whole. We want to give you the opportunity to sponsor a child however you are able, in increments of \$50. So, one child may have up to 4 sponsors. It is our desire for each child to have a relationship with their sponsor or sponsors. All of our school age children have e-mail access and once you have selected a child, you will receive their contact information. We are committed to keeping good communication between you and the children.

On the following pages you will see all of our children in our three homes. If you choose to sponsor a child, simply fill in their name on the remit card. Please consider becoming a part of our ministry by sponsoring a child. You can make a difference!

Blessings to you all!
