

My name is Oliveyda Andrea Pérez Soza, I am 15 years old and I will turn 16 in September 28th. I am in 10th grade. This year I have the purpose to study computer science and so far I am doing well. The GJCC project to me has been a great blessing and I am taking advantage of it. It has helped me to be a new person in the emotional sense. I am truly grateful to the people that are investing in us with their advise and support to make are lives better. I want to thank all the GJCC staff.
