

SANDY BRITNELL | CHILDREN OF DESTINY

We are really excited about how well the vocational school is going. The school allows us to help many children in the Jinotega area. They are all incredibly grateful to be learning skills that will help them now and in the future. There are so many kids that it's hard to get to know everyone of them. We miss the kids that were in the orphanage, but we get to see some of the kids who are over 18 every day because some still live on the property and help watch over everything when no one else is there.

Recently, we received a phone call from Nick Crooks. He was one of our former interns and lived in Jinotega for a time. He has continued to stay in contact with us and continues to be a blessing to the ministry. He contacted us to say he wanted to send us some money to give to each of the former residents. We went to the bank and got a bunch of \$50 bills (most places won't take \$100). We gave each of the children we could find 2 \$50 dollar bills.

We were able to find most of the children, although some of them have moved to Costa Rica to live with family. We were so blessed to be able to bless these children and see the reaction on their faces. Thank you Nick for being so generous and such a great friend.
