

SANDY BRITNELL | CHILDREN OF DESTINY

In our Jinotega school, we're creating an extraordinary atmosphere where the joy of learning mingles with the power of friendship to shape the destinies of young boys and girls. Our purpose is to ignite greatness through gradual steps, nurturing expertise and connections. Our vocational method sets us apart from traditional classrooms – it's hands-on, enabling children to actively learn and acquire essential practical skills for their future. What truly sets us apart is our resolute commitment to a compassionate and supportive community rooted in faith.

Friendships developed early in life hold immense significance and have a profound impact on an individual's overall development and well-being. Within this web of connections, students form bonds with peers who share their interests, sparking common passions that drive progress. Friendly competition ignites their best efforts, and working together on projects cultivates vital skills for their lives ahead. Exploring new skills together transforms learning into a thrilling adventure.

With heartfelt appreciation, we extend our deepest thanks to all of you, loyal members of our team. Your unwavering support empowers underprivileged individuals not only with skills but also with profound spiritual companionships that shape their lives. Your dedication shines like a guiding light on our children's futures, leaving an indelible mark on their futures.

With boundless gratitude,

-Sandy and Jim

Two are better than one, because they have a good return for their labor: If either of them falls down, one can help the other up. But pity anyone who falls and has no one to help them up."

Ecclesiastes 4:9-10
